## EXPERIENCE

---

**Pioneer Systems:**

📅 May 2021 - July 2021

- This was an internship in which I got to work on Technical and Functional testing of Mobile and Web Application.

- **Guide: Paresh Shah**

**Fake News Alert System:**

📅 May 2023 - July 2023

- Fake New Alert System is a project done as a part of summer internship. It determines the credibility of news.

- **Guide: Sourish Dasgupta**

## PROJECTS

---

**Rent My Book:**

📅 December 2021 - April 2022

- This project is about Renting and lending books from anywhere through the internet. I have done the backend part of the project. This system will be an E-commerce website featuring different types of books and novels which will allow users to rent and lend books through a common platform.

- **Guide: Akash Padhiyar**

**Vangi-The Food Recipe App:**

📅 August 2023 - present

- Vangi is a food recipe website where you can browse, add and search recipes based on chef or ingredients.

- **Guide: Self**
